

OJESANMI Damilare Moses

Profile

Ojesanmi Damilare Moses is a web developer with a background in Building Technology and three years of experience in internet marketing, specializing in Affiliate and CPA marketing. He excels in competitive analysis and corporate strategy, combining technical proficiency with creative design. Currently, Damilare is enhancing his skills through an online HTML and CSS course, working on a project to develop an advanced summarization tool. He is a team player committed to delivering high-quality web solutions and making a positive impact in the industry.

Work Experience

Sept. 2021 – July 2022
New Era Construction Company
Site manager

Oversaw on-site activities, ensuring timely and budget-compliant project completion. Managed teams, conducted inspections, and maintained safety and quality standards. Liaised with clients and engineers, resolving issues and documenting progress to successfully complete various residential and commercial projects.

2017 – 2020
Ise-Oluwa Cyber Cafe

Director

Led operations, ensuring smooth and efficient service delivery. Managed staff, handled budgeting, and maintained customer satisfaction. Implemented marketing strategies to increase patronage and oversaw the introduction of new services, contributing to significant business growth.

2005 – 2021
Goodness & Grace Carpentry

Director

Direct operational activities, including project management and client relations. Oversee team performance, ensure quality craftsmanship, and manage budgetary aspects of projects. Drive business development initiatives to expand market presence and uphold the company's reputation for excellence in carpentry services.
